Central Street Neighbors Object To New Phone Lines

by Sue Aucella Deacon

The telephone company would like to lay new conduits under Central Street and Andover Street, but residents of those two streets objected so strenuously to that proposal Monday night that the selectmen delayed acting on the NET&T petition until next week.

Several townspeople who attended a public hearing at Town Hall wondered why the telephone company couldn't install the new conduits along the "much more sensible route" of Lupine Road. The selectmen voted unanimously to continue the hearing until next Monday night, when they expected New England Telephone to offer an answer to that question.

The board asked that a Public Works staffer be on hand as well.

Telephone company spokesman George Gagan said the new underground wires and cables are needed to accommodate expansion in the southwest section of town, including new subdivisions and commercial sites.

He said the conduits would run on the odd-numbered side of the street in the sidewalk or shoulder area of Central and Andover streets. New England Telephone would repair any road surfaces and private driveway aprons that it disrupted in the process, Gagan added.

The company would like to begin the work as soon as possible, he indicated, and estimated it would take six weeks to complete — about three weeks on each street. Gagan said NET&T would "in the course of a day open up a couple hundred feet," probably starting at the corner of School and Central streets.

Charles Wright of Central Street suggested that the conduits could be installed from the corner of School and Central up School Street and then along Lupine Road. That "much more sensible route" would effect fewer residents, he said, and avoid "bulldozing my sidewalk" and tearing up Central Street, "one of the busiest streets in town."

Wright also said that the telephone company would create traffic problems by working on Central Street during the same

time that Elm Square will be undergoing renovations. But Gagan said work could be finished before the Elm Square project even begins.

Selectman William Dalton moved to table the question and continue the public hearing next week during a special meeting; the board had not planned to meet next week.

Several residents asked why the telephone company and the electric company could not put all their wires underground at one time during this excavation.

"It's a matter of economics at the present time," the telephone company representative said, pointing out that he could not speak for Mass Electric. "We have that option for the future."

Charlotte Tynning of Andover Street said

she was concerned that the work would tear up sections of her street that were just repaved last year. Gagan said all work would be done in the soft shoulder of the road, and not in the paved way.

Robert Burns of Central Street asked what would happen to the town chestnut trees along Central Street. Gagan answered that work crews would "hand dig around the roots. We don't expect to cut any roots."

"We have gone over this with the DPW, and they don't foresee any problems," he added.

But the residents were not convinced. One was heard to mutter, "Just when you get over the gypsy moths, the telephone company gets you."

Licenses, Permits Granted

During a fairly brief meeting at Town Hall Monday night, the Board of Selectmen approved several licenses and permits.

The Christian Formation Center, River Road, was granted one-day, all-alcoholic licenses for 2:30 to 9:30 p.m. Aug. 1; noon to 8 p.m. Aug. 7; 2:30 to 9:30 p.m. Aug. 8; noon to 8 p.m. Aug. 21; 2 to 9 p.m. Aug. 28; and 2:30 to 9:30 p.m. Aug. 29.

Geraldine A. Jackson of 137 Rice Ave., Revere, was granted a common

victualler's license for a cafeteria at Dyonics, Dascomb Road; and Robert Arsenault of 95 Elm St., Andover, was granted a common victualler's license for a mobile unit.

Bay State Gas Company was given permission to excavate an approximately four-foot by four-foot hole at 7 Stratford Road to retire a gas service.

And, acting as sewer commissioners, the board approved a sanitary sewer connection for Sidney P. White at subdivision lot 1, Heritage Lane, off Andover Street.

Fast Women's Road Race Set For Fall

The selectmen Monday night okayed a fall road race to be held by Fast Women, a local women's running club. The 6.2-mile race is scheduled for 1 p.m. Sunday, Sept. 12.

The board stipulated that the route and safety precautions must satisfy the

requirements of the Police Department.

Selectman Gerald Silverman indicated his disapproval of the single-sex race, open to women runners only, calling it a "sexist road race."

But Selectman Donn Byrne noted, "I'm in favor of fast women any time."

DCS Is Looking For Instructors

The Department of Community Services is planning fall programs and activities and is accepting applications from residents who would like to share their skills and abilities.

How does a person get involved teaching for the DCS? Above all it is important that the instructor has extensive background and knowledge in the subject being taught. A formal teaching background is far less significant than enthusiasm for the subject. An effective instructing manner, com-

bined with an exciting topic and an eager-to-learn group of students, can result in a rewarding learning as well as leisure-time experience.

Applicants who are skilled in academic, enrichment or recreational activities — or anyone wishing to suggest new fall programs, workshops, or special events — should stop by the DCS office in Shawsheen School, Ann's Lane, or call between 8:30 a.m. and 4:30 p.m. Monday through Friday.

Andy 500 To Roll Once Again

Andover's budding race car drivers will have their chance to pour on the speed Saturday, July 24, when the Community Services Department holds its annual "Andy 500" once again.

The selectmen Monday night agreed to close off School Street between Cen-

tral Street and Lupine Road between 9 a.m. and noon for the racers — a course that is downhill all the way.

For more information, please see story appearing elsewhere in this edition of the TOWNSMAN.

CHIROPRACTIC
FOR BETTER HEALTH

JAMES J. PECK, D.C.

CHIROPRACTOR

Chiropractic and High Blood Pressure

Blood pressure is the life sustaining force that permits oxygen to circulate to the tissue cells of the body. During and shortly after exercise, the cells of the body have an increased demand for oxygen and the blood pressure will elevate. This is a normal physiologic response. However, high blood pressure that does not return to acceptable limits places an undue stress on the heart and blood vessels and if prolonged can produce strokes, angina pain, kidney failure etc.

Chronic high blood pressure is caused by inadequate circulation and is triggered

by nerve centers in the area of the brain stem. Because nerves have a direct effect on heart rate and blood pressure, irritation in the form of structural misalignment can create blood pressure problems. If this is the case, chiropractic adjustments can correct the irritation and normalize the blood circulation.

Call to arrange for a chiropractic consultation and exam.

Diet facts & fallacies

These nutritional tips brought to you by

DIET CENTER

Being overweight affects your job, your health, even how long you will live. Over 80 million Americans are struggling to lose over 2.3 trillion pounds of unwanted fat - and for good reason! Diet Center believes obesity is a chronic, incurable disease that must be controlled.

It is a sad, but proven fact that overweight college and job applicants are turned down more often than normal weight applicants.

An overweight condition is often a dangerous forerunner or complication to other diseases. Heart attacks, strokes, diabetes, arthritis, high blood pressure and gout have all been directly linked to obesity. Overweight people also more commonly

suffer from varicose veins, abdominal hernias, cancer and respiratory problems than normal weight individuals.

Your weight has a definite effect on how long you will live. Only 10 percent of obese persons reach the age of 80 as compared to 30 percent of slim people.

If these facts alarm you, take a careful look at your eating and exercise habits. Diet Center believes that permanent weight loss comes only through dedication to changing yourself forever. See your Diet Center Counselor today to win your fight against obesity and its harmful results.

Activities At The Playgrounds

West Elementary

Week number two was another awesome week at the West Elementary playground. We were closed on Monday in honor of the fourth of July, but Tuesday was another fun-filled day. Crafts included paper bag puppets and a massive finger-painting banner. Leigh Abernathy, Amy Cohen, Richard Marique and Dawn Sperber were some of the happy participants. The parachute was taken out for the first time. Wednesday brought the fun and excitement of Whalom Park. Adam Ferry, Matt Abernathy, Adam Ruma, Ed Campbell, Kelly MacLean, Kris Brassil, Sandy Kannan, Chris Lane, Leslie Wilkinson and Layne Whitley were among those who had a blast. For those who stayed on the hot playground, a massive water fight was the highlight of the day. Brendan McGrail, John Lahiff, Erin Lahiff, Sean Sperber, Katie Hobbs and David Hobbs especially enjoyed the day. Thursday and Friday included a stuffed animal show and an "everybody's" birthday party.

Sparc

SPARC Park began its summer with a bang at Recreation Park. On Monday softball proved to be a success with Scott Silva at first base and Glen McVicar at third. Freddy Williams had an excellent kick which won the game for his team. Wednesday SPARC joined the other Andover parks at the Gerwick Puppet Show. On Thursday everyone got a good start on their tans at Pumps Pond. SPARC had a cookout on Friday with hot dogs, juice and chef's salad.

The second week was a hot one at SPARC Park so there were lots of water events, consisting of swimming lessons, free swim, car wash and water balloon fights. The big field trip was bowling at Andover Lanes. High scorer was Stephen Sorrie with an 82! Other high rollers were Richard Lally, John Casanave, Denise Gaudett and Linda Hinkley. Ice cream sundaes made all the effort worthwhile afterward. Freddy and Andy Williams, Beth Madden and Kelley Bellisle were all very good swim-

mers and helpful at Pumps Pond. The week ended with watermelons for everyone.

Bancroft

The second week at Bancroft playground started with flying colors. The playgrounds were closed Monday because of a tremendously successful fourth of July celebration on Sunday. Tuesday's main activity was a softball game. Some of the star players were Billy Batchelder, Justin Connors and Greg DeBeer. The Whalom Park field trip was a lot of fun for everyone involved. The Murphys, Connors, Behlings and Daltons were a few of the families attending. A squirt gun fight was the only relief from the tremendous heat and humidity for those who did not go to Whalom. Thursday a bike hike provided the chance to see the other playgrounds in action and meet friends from other parts of town. The weekly cookout was held on Friday. Great attendance and huge appetites always make this day a great success.

Vo-Tech

Week two at the Voke all-day playground was as great as the first. On Tuesday Matt Zipeto, Lisa Reese, Aron Johnson, Eszter Vajda, Jared Greenberg and Brendan O'Donahue showed the proper way to play Capture the Flag, while Jason Weiner, Bernadette Vajda, Elizabeth Juliano, Stephanie Ruel and Jennifer Reese all made fantastic popsicle stick creations. Everyone cooled off in the pool in the afternoon.

On Wednesday a fun time was had at Whalom Park. Tommy Christopher, Evan Duff, Chip Curdo and Bryna Wills all went on the roller coaster for the first time. A playground scavenger hunt for candy was held on Thursday, and turned out to be great fun for everybody. The Friday cookout was made even better because of the huge watermelon that was fun, delicious and nutritious. The whole week was filled with fun games and crafts.

Kitchen Design

David A. Clement, designer

Other than kitchens, the bathroom is the most remodeled room in the home. Not only are homeowners adding baths where there were not any before, but they are updating them as well. The result is a room that combines both beauty and function. Curves, angles and whirlpool baths can now impart a sense of luxury to this oft-used room. In many baths, curtains have been replaced by glass enclosures and ceramic tile is used to impart a sense of richness. Wing-walls and angled, or hand-held, shower heads can be used to eliminate shower curtains altogether.

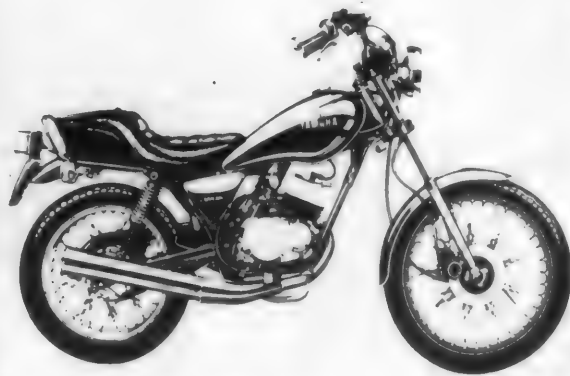

So you have finally decided to replace your bathroom. Are you looking for ideas or do you know exactly what you want? WINDSOR KITCHENS can help you. Stop in and see us at 1181 Boston Road in Ward Hill where we are open Mon.-Thurs. 9-5:30; Fri. 9-8; Sat. 9-5; evenings by appointment or call 372-3444. Our showroom is chock full of exciting ideas and we welcome you to come in and browse anytime.

Selectmen To Commend Holiday Committee

The Board of Selectmen plan to award certificates of appreciation to the Committee for Patriotic Observances, the private committee that planned this year's July Fourth celebration. Selectman Gerald Silverman said Monday night.

Town Clerk Elden Salter wondered if Town Manager Kenneth Mahony deserved his own certificate for volunteering as a dunk tank target, but the manager shrugged off the suggestion. "I don't want to remember it," he said dryly.

Rev. Paul Clinton of West Parish Church and Father Paul Kilroy, Salem State College chaplain, officiated at the 1:30 p.m. ceremony.

The bride, given in marriage by her parents, wore her mother's gown of white transparent velvet, and her maternal grandmother's veil of rose point lace. She carried a cascade of white stephanotis, white shasta daisies and baby's breath.

Her maid of honor was Ellen M. Childs, sister of the bride. Bridesmaids were Ann D. Childs of Boston, the bride's sister; and Teresa Salvato and Annette Salvato, both of Medford, sisters of the groom. They wore gowns of pink and lavender flowered dimity, and carried small bouquets of white shasta daisies and baby's breath and pale pink and lavender carnations.

The groom's best man was Stephan Salvato of Medford, the groom's brother. Ethan Childs of Afton, Virginia, the groom's nephew, was ring bearer. Ushers were Gifford Childs of Afton, the bride's brother; and Edward Salvato and Michael Salvato of Medford, brothers of the groom.

The bride's mother wore a dress of deep pink chiffon, with a cymbidium orchid and stephanotis.

HARRIET AHOUSE

REPRESENTATIVE

Proposition 2 1/2 has capped the amount of revenue each city and town may raise through its property tax at 2 1/2 % of its full fair market value. This tax may be increased annually by only 2 1/2 %.

Legitimate negotiated salary increases have forced municipal and school expenses beyond the 2 1/2 limit. This makes it necessary either to cut personnel or to raise additional revenue through local fees or increased local aid.

In this era of no new taxes, the burden of balancing the competing demands for funding falls directly on our state and local elected officials. The legislature must take a hard look at state expenditures to insure that funds are available to meet appropriate increases at the local level.

One unconsidered additional impact of Proposition 2 1/2 may be to increase the state's control and regulation of how local aid is spent. As your state legislator, I will act to insure that some flexibility remains so that local elected officials can address the needs of their community.

Puppy Perfection

The Andover-North Andover YMCA sponsors a Puppy Kindergarten regularly. The course, instructed by Jennifer Kesner, is designed to teach owners how to properly train their energetic puppies to become well-behaved dogs. Both the owners and the pups seem to enjoy and benefit from the classes. Photos clockwise from upper left: Teacher Jennifer Kesner meets Little Bo Peep, the smallest member of the group. The toy poodle is owned by Joy Tucker of North Andover; Stephen Kennedy, 777 Johnson St., learns how to handle a misbehaving Maximillian, a golden retriever, who settles down but doesn't seem to be paying much attention; Heather Koehler, 7 Wildrose Drive, appears to have the full cooperation of her yellow labrador, Alex, as she teaches him to lie down; Lady and her master Fred Newcombe, 14 Bartlet St., wait patiently for the next lesson.

Planner Hired To Update Master Plan

By John P. Sawyer

Meet Ronald Curran, of Goffstown, N.H. The town's planning board got introduced Tuesday night, and thus the process of updating Andover's master plan, last revised in 1965, has begun.

What do townspeople want Andover and its government to be like in the future?

With the help of town meeting's \$50,000 appropriation for the project and the hiring of Curran, who will act as planning coordinator and facilitator, Andover officials hope to translate the answer to that question into an up-to-date master plan covering a range of issues important to the town, such as subdivision rules and regulations, zoning by-laws, possible expansion of the central business district, and the need for more multi-family housing.

Curran will supervise staff involvement in the project, coordinate town committee participation, involve the citizens and supervise consultants who may be hired to work on specific portions of the master plan.

The idea, according to Town Manager Kenneth Mahony, was not to select someone who would come to Andover and tell the town how to develop the plan. Rather, Mahony wanted someone who could work with citizens and town officials, gather information with no pre-disposition as to the findings, and coordinate the master planning process.

Thus Curran, who starts work Monday, July 19, got the job.

"I'm not an expert in anything," Curran told planning board members, calling himself a "generalist" and "very well qual-

ified" to hold the position. "I think I can help government. I'm reasonable. I work very hard to be reasonable."

Curran spent the last 12 years as deputy director of the New Hampshire Crime Commission. He worked towards the formulation of a comprehensive plan for criminal justice in that state.

And as he pointed out, in that role he built up a wealth of knowledge in dealing with every type of entity from state government to small towns. Before his New Hampshire job, he worked for the Department of Defense, and before that, the U.S. Air Force.

Planning Board Chairman Jerry Greer said he was somewhat concerned that Curran did not have more specific experience in the planning process of a town, although the chairman said the job demands an experienced administrator, such as Curran.

Curran described himself as an information finder, a listener, someone who can synthesize ideas and will work closely with the planning board, other town boards and citizens.

"Part of my job is to ensure everybody knows who's doing what," he told planning board members, answering a question as to

what roles citizens and town officials will play in the master planning process.

Answering another question, he said, "I am not going to have anything to do with policy...It (policy) does not come from a contractual employee."

Mahony noted that policy-making should not enter the master planning process until public hearings have been held. That's why

he believes the planning board, which will be involved in all steps and phases of preparation, should not have a central coordinating role in the process, since it will later hold the public hearings and recommend portions of the master plan to town meeting for adoption.

Other town committees, such as conservation, health, finance, school committee, community services, reuse and the central business district were some of the other town officials who will play roles in the master planning process, as mentioned by planning board members.

Curran stressed information-gathering as the first step in the entire process — then review and comment. He is due to appear before the planning board at its next meet-

ing in two weeks when individual members will present a list of issues and points of interest they feel should be covered.

Mahony has prepared a questionnaire for submission to selected persons in the community to discover areas of concern.

Greer noted that the goal of the master planning process is "not to produce a document" but to develop a "process" in which the whole town is involved in important issues.

Curran also pointed out that while a document will indeed be published, the idea is to formulate "an ongoing process..."

Mahony said the town meeting at which the final plan will be presented will be a "tough" and "interesting" meeting.

"We're not going to be ready for the spring town meeting," he said, adding that perhaps a special meeting would be called a year from now to deal with the matter.

Mahony noted there is a "high level of excitement" among town department heads for the master plan project. He added, however, that without community input, the process will "fail."

Later Start Will Save Money

Elementary school will begin a little later in the morning when classes resume next fall — and the school system will save approximately \$45,000, "a significant amount of money," says Business Manager Frank Paul.

Classes have in the past begun at 8:40 a.m. and concluded for the day at 2:40 p.m. The new schedule, according to Paul, will be about 9:00 a.m. to 3:00 p.m.

The later starting time will create more time between secondary and elementary school bus runs, enabling the school system to better utilize its buses and eliminate three from use at a savings of about \$45,000.

"The time factor was a constraint," says Paul. "We were under-utilizing them (the buses)."

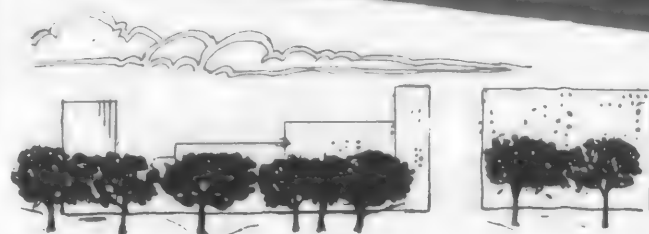

Because of the elimination of the three buses, bus routes will be changed. The routes will probably not be finalized until mid-August, says Paul.

In Search Of Space

The first order of business — find a safe, affordable building where artists and craftsmen can carry on their work. The foundation will hold its next meeting in September.

The Public Forum

Thanks For The Fourth

To The Editor Of The TOWNSMAN:

Now that the Fourth of July celebration is over, I would like to publically acknowledge the many citizens who made the festivities possible.

I was assisted by six other Andover citizens, all of whom worked very hard to bring about the event. Without the help of Cheryl Francis, John Givens, Clara Wade, Barbara Surdam and Bob Schmidt, it is unlikely that the town would have had any celebration this year.

The cooperation extended to the committee by the police, fire and public works departments was wonderful. Similarly, the town counsel, Alfred Daniels, was also invaluable in his assistance. The Board of Selectmen and the town manager, Mr. Mahony, offered us every encouragement. The Department of Community Services was instrumental in the success of the day.

Likewise, the Andover Townsman provided the committee with most valuable publicity over a number of weeks.

Finally, a special thanks to those of you who participated in the parade. The committee was thrilled by the number of you who marched in costume this year, and we hope that in future parades many more of you will join.

In summary, the production of such a celebration requires the support and involvement of many people. Andover should have a Fourth of July celebration, but it does require the efforts of many. Many thanks to all those who contributed this year.

Cohen Is Still Our Representative

To The Editor Of The TOWNSMAN:

A recent political advertisement in the Townsman was very misleading. It gave the impression that one of the candidates for nomination in the primaries September 14 is as of now the duly elected Representative of this district.

I trust this is not planned deception to corral the uninformed and apathetic members of the electorate or those residents new to our town.

Gerald Cohen is still our Representative and will continue to serve in that capacity until the new legislature is sworn in next year.

Such advertising, from my point of view, is misrepresentative and improper. Please let us keep the campaign for nomination on a level beyond reproach in fairness to all candidates involved.

One-Sided View

To The Editor Of The TOWNSMAN:

I feel the need to make comment on the Andover Public Library's display of an en-

larged photograph featuring the heinous situation in present-day West Beirut. Along with the accompanying magazine article, we are also invited to leaf through a few books that obviously function to insure our introduction to the innocent victims in war-torn Lebanon. Needless to say, our emotions become touched with pity and we are immediately made aware of the Israeli siege of the city.

Ah, but there is the rub, is it not? Indeed, the library's exhibit virtually provides a one-sided view and invites a surfacing of anti-semitic feeling for all who witness the hideous spectacle. For where has equal space been made available for observance of the Israeli plight? It is a well-known and established fact that the main objective of the P.L.O. is the total destruction of the Israeli-held state. Moreover, their terrorist activities over the years have confirmed their unrelenting purpose; they will not yield until they have destroyed the Jews. Yet, deny it though they may, our town library seems not to be sensitive nor dismayed nor appalled by such a truth. For indeed if it were, why do we not witness an enlarged photograph featuring the bullet-ridden and blood-drenched bodies of the Israel Olympic athletes who once visited but never returned from Munich? Suffer no more the innocents—whether they be Lebanese, Palestinian or Jew.

Down The Years

75 Years Ago — July 1907

Alexander Ritchie participated in the regatta of the Eastern Division of the American Canoe Association on the Merrimack River, Lawrence, last Monday. Henry A. Boutwell is Vice-Commodore of the Eastern division.

Miss Bertha C. Coutts, Simmons '07, has secured the position of private secretary in the office of R.S. Weston, sanitary engineer, Beacon Street, Boston. She will begin her duties on Monday.

News has come from Mexico City that the Nicaraguans, assisted by Salvadoran revolutionists, had captured Acajutia, Salvador. It was believed that the objective point was San Jose, Guatemala, and that President Zelaya of Nicaragua had declared war against Guatemala.

50 Years Ago — July 1932

Three teachers, one from Andover, were appointed at the meeting of the school committee Tuesday evening to take the place of Mrs. Crittenden, Miss Farnham, and Miss Parkinson, all resigned. The only other outstanding business done at the meeting was the adoption of a motion to try the experiment of a single session at the Stowe Junior High School for the coming year.

The campaign of the Andover Emergency Committee got underway this week after a period of seeming inactivity which caused many of the residents of the town to believe that the committee would not do anything constructive. However, registration of the unemployed was begun Wednesday and a campaign for funds was also launched. As a result of this, it was stated Wednesday evening that some of the unemployed could be put to work Monday morning.

25 Years Ago — July 1957

The successful development of a versatile air defense missile system designed to reinforce the low-altitude capability of our air defense was announced today by the Department of the Army and Raytheon Manufacturing Company. The missile will be manufactured in the Shawsheen plant, with an anticipated 2000 employed here by early winter.

At least 3000 pupils will be enrolled in public schools by September. School Superintendent Edward I. Erikson has presented that estimate to the School Committee, indicating that 2981 are already known to be coming. The added 19 will certainly be on hand by September, Erikson said, if the pace of the last five years is to be followed.

The Appeals Board has approved a zoning variance to allow the Lanam Club, Inc. to use the house at 260 Main St., on the former Wood estate, for its quarters. The decision, unanimously taken by Chairman James S. Eastham, Edward P. Hall and Alfred Fuller, paves the way for the club to ask for a club liquor license — a step that club spokesman said would be taken.

10 Years Ago — July 1972

The selectmen have approved the town manager's appointment of a Doherty-Shawsheen Schools Building Committee. Ralph S. Crossan, 8 Sequoia Lane, has been named designated chairman by Town Manager J. Maynard Austin. The committee will be officially organized soon to work with the school department in the planning stages of the proposed renovation.

News of a brighter nature for the town's taxpayers arrived Wednesday morning with the announcement by the state of estimated Cherry Sheet figures. Andover will be receiving a net gain of a little over \$431,000 in the annual accounting of money owed the state and receipts due the town from state sources.

For Those Of Us Who Are Older

By Janet D. Lake

If it is not yet noon as you read this column, hurry to your radio, tune in WCCM-800 on the dial—and listen to our own senior center director, Dottie Winn, on the Lou Marceau show. You'll be able to phone in and ask questions about the senior citizen programs and activities. Also appearing on the program will be Dottie's fellow directors, Evelyn Rudis of Methuen, Emily Murphy of North Andover and Phyllis Twiraga from Lawrence. The program is on today, Thursday, from noon to 2 p.m.

Blue Cross and Blue Shield have opened enrollment in their Medex health plans from July 1 to Aug. 31 for any one of their three plans: Medex Low Option, Medex 2 or Medex 3. This is the only time this year that enrollment will be open. If you are interested, you may pick up an informational brochure and an application at the senior center.

Both the Crotched Mountain and the Lawrence Welk show trips are full, but if enough others want to go, call The Haven and get your name on the list. If there

is sufficient demand, second buses will be arranged. Time to make these additional arrangements is limited, so call today if you are interested (470-0870).

There is still room for more on the trip next Monday, the 19th, to Newport and Belcourt Castle. The castle was built as the Tinney family home in 1894—one of Newport's famous cottages—and is a replica of an original chateau in France of the Renaissance period. Even in 1894 it cost 3 million dollars to complete. You'll have lunch there, too.

The three-game series featured high-scoring, exciting baseball. The Yankees won the first game 13-7, the Dodgers the second game 17-9, and the Yankees the third and final game 13-6.

Yankees 13 — Dodgers 7

Pat Breen and Josh Malitsky of the Yankees combined to pitch a neat five-hitter while striking out ten Dodgers. The Yankees hitting attack was led by Breen, who went four for five, including two doubles, and Tim Smith, who went two for three. Sean Bergan had a bases loaded triple, while Paul Davies had four RBI's. Malitsky, Tom Tormey, Davies, John Leng and Pat Hayes had the other Yankee hits. Todd Patti led the Dodgers at the plate by going two for three. McSweeney, Elefante and Joey Lyons contributed single hits to the Dodger cause. Elefante and Lyons shared the mound duties for the Dodgers.

Dodgers 17 — Yankees 9

The Dodgers charged back from a 6-1 deficit to beat the Yankees and tie the championship series at one game apiece. Trailing by five runs, the Dodgers scored seven runs in the second inning and six runs in the third to put the game out of reach. Dodger pitchers Elefante and Farnham held the hard-hitting Yankees to five hits,

while striking out seven batters. Elefante led the Dodger hitters by going three for three, including a double. Patti, Lyons and Tim Adams had two hits, while Mike Adams, Leary and Finn added bingo's. For the Yankees, Tom Twomey, Malitsky and Joey Tavilla shared the mound duties. Tavilla held the Dodgers to only three runs over the last three innings. Breen (double), Tormey, Bergan, Leng and Hayes had the Yankee hits. The loss stopped the Yankees' nine-game winning streak.

Yankees 13 — Dodgers 6

The Yankees scored seven runs in the fifth inning to break up a 6-6 ball game and win the town championship. Breen and Tormey pitched a fine three-hitter, striking out eight. They did not allow an earned run. The Yankee nine-hit attack was led by Breen and Malitsky, who each went two for three. Andover Gold Pursues Babe Ruth Championship

By Rick Harrison

There was good news and bad news for the Andover Gold Babe Ruth baseball team last week, as the locals continued their quest for a second straight league championship and third title in the last five years.

Gold remained in first place in the Greater-Lawrence League by winning two of three games, but the loss was a costly one as it left AG just one game up on South Lawrence West with six regular season contests remaining for both.

The pitching was strong once again, for

the most part, with solid efforts from right-handers Mark Grams, Mark Doherty (in relief) and Billy Lane (despite suffering his first loss).

Gold chalked up a big 2-1 triumph over South Lawrence West to begin the week, extending its first place lead to two games at the time.

The bats came alive in the following contest against North Andover, as Andover Gold erased an 8-2 fourth-inning deficit and pounded out 16 hits enroute to an impressive come-from-behind 13-9 victory that completed a sweep of the four-game sea-

son's series with NA.

Prospect Hill then stunned Gold in the final game of the week, taking full advantage of one costly throwing error to score four unearned runs in the fourth enroute to a 4-2 decision that trimmed AG's lead over SLW to one game again.

Those results left Gold at 12-2 in the league, 14-3 overall this summer and 54-8 in its last 62 games.

Earlier this week Gold was scheduled to host South Lawrence East and intratown rival Andover Blue, while tonight another key battle is on tap against South Lawrence

West at the Andover High field at 6 p.m.

Andover Gold, 2-1

Gold registered its third one-run victory of the season and avenged an earlier 3-2 setback as Mark Grams stymied South Lawrence West with a six-hitter.

The crafty righthander struck out seven (16 in his last two starts), walked only one and came within one swing of his third shutout as he upped his personal record to 5-1 in the league and 5-2 overall.

Gold managed just three singles itself against Vin DelSignore, two of them in the first inning, and scored both its runs in the bottom of the third without benefit of a basehit.

In that crucial third Grams drew a one-out walk, stole second and then continued to third when the catcher's throw skipped through the infield.

Kevin Rourke followed with a walk, stole second and when the throw got away, once again Grams scored easily.

Rourke advanced to third on the error and scored the winning run moments later on a passed ball.

SLW notched its lone run in the top of the fourth when DelSignore belted a two-strike

fastball to the right-centerfield gap for a bases-empty homerun.

West mounted two other threats in the second and sixth, but tough pitching and excellent defense kept the visitors off the board.

In the second, DelSignore slapped a one-out double and Steve Dastous singled. However, Grams bore down to whiff the next batter and retire Bob Farrington on a fly ball to leftfielder Rourke.

When the first escalator was installed in Harrod's department store in London, brandy was served to passengers who felt faint.

Third baseman Mark Doherty (four chances) and Grams also played well defensively.

The loss snapped a nine-game SLW winning streak.

Andover Gold, 13-9

Gold won its seventh straight game with a sensational comeback, sparked by Billy Lane, as the locals wiped out that 8-2 deficit with four runs in the fourth, five in the fifth and two more in the sixth.

Mark Doherty, the last of three AG pitchers, made his first league appearance a memorable one with three and one-third innings of sparkling one-hit relief. He allowed one run, struck out four and didn't walk a batter.

North Andover jumped ahead 1-0 in the top of the first when leadoff batter Jim Norwood singled, stole second and scored on Chris Strobel's two-out double to centerfield.

In between the fireworks Gold starter Bill Weidman struck out the side.

The winners came back with two unearned runs in the bottom of the first against NA hurler Mike Atwood. Scott Wilkins singled, Kraig Burzlaff was safe on a two-out throwing error, and John Leahy drilled a double down the rightfield line.

North Andover regained the lead 3-2 in the second on a double by Chris Abel, a single by Mike Clancy and a pair of infield errors.

Abel's sacrifice fly made it 4-2 in the third, and North Andover batted around in the fourth to take an 8-2 advantage as five walks and a key two-run single by Strobel led the way.

Doherty came on at this point and effectively slammed the door, retiring 10 of the 11 batters he faced. The final NA run came in the sixth when Erdie Burton tripled to left-field and trotted home on Atwood's long sacrifice fly.

Gold almost started its comeback in the bottom of the third, loading the bases after we were out on singles by Lane and Burzlaff and a walk to Leahy. Atwood worked free of the jam with a strikeout.

Shane Smith led the fourth by reaching on an infield error. With two down Grams kept things alive by singling up the middle, and Scott Wilkins followed with a sharp RBI double down the leftfield line.

Billy Lane then rapped a two-run single to centerfield, and he later crossed on Burzlaff's basehit to cut the deficit to 8-6.

AG batted around in the fifth, and 13-

Post 8 Leads In Zone 8A

Having won four of their last five games, the Andover Post 8 American Legion baseball team has vaulted itself into first place in the Zone 8A standings. Before they get too comfortable, the Post 8 club had better take a good look at their schedule which includes seven games in seven days. At the end of that grueling span of games the Post 8 team should have a good idea of just what their playoff chances will be.

Andover 2 - Lawrence 1

A courageous pitching effort from Glenn McIntyre, with relief help in the seventh inning from Billy Vickers, helped the Post 8 team gain a hard-earned 2-1 victory over Zone 8A rival Lawrence. McIntyre pitched out of numerous jams all night and was helped by some solid defense from his teammates, especially outfielders Tim Grams, Jon Pelletier and Andy Emmert who combined for nine putouts.

Lawrence jumped on top in the third inning when Bob Ferreira reached on an error with one out, Brian Toohey sacrificed him to second and he scored on a single to right by Bernie Conway.

Andover got the tying and winning runs in their half of the third. With two outs Jeff Demers singled to center and was rescued by a tremendous triple to left by Tim Grams who scored the winning run when Jon Pelletier's ground ball was booted by the Lawrence shortstop.

The game moved right along with McIntyre and Lawrence pitcher Bob D'Urso mowing down the opposition. In the last of the seventh Lawrence gave its best shot. With one out Cuddy walked and Ferreira popped out to McIntyre. At this point Manager Al Pelletier decided to lift McIntyre in favor of southpaw Billy Vickers so that he could pitch to the lefthanded-hitting Toohey. The move backfired as Vickers hit Toohey with his first pitch. But, after walking Conway to load the bases, Vickers got Nick Ardagna on a ground all to short to end the game.

McIntyre and Vickers combined for a two-hitter. Jeff Demers led the Andover offense with two hits.

Andover 3 - No. Andover 3

A questionable judgment by the umpire halted what had been to that point a great ballgame. With plenty of time and apparent daylight, the umpire discontinued play between the local rivals with the score tied 3-3.

Billy Vickers got the nod from Manager

Al Pelletier for this critical Zone 8A clash. The young southpaw was in control all the way except for the third inning when No. Andover scored three runs with the aid of three hits and three Post 8 errors. Vickers finished the game yielding six hits, striking out three and walking one.

The Post 8 boys had NA starter Jack Fiorino (ULowell pitcher) in trouble all night. But Fiorino was able to find the strike out pitch when he needed it and kept Post 8 from breaking the game wide open.

Andover scored its first run in the second. With one out Jeff Parker singled to left and advanced to second when the leftfielder bobbled the ball. One batter later Vickers helped his own cause by rescuing Parker with a single to center.

Now playing catchup after NA scored three runs in the third, Glenn McIntyre blasted a triple to left and scored on Jeff Demers ground ball.

The tying run scored in the seventh. With one out Vickers lined a single to center. Andy Emmert's sacrifice attempt was misplayed. Tim Grams forced Emmert at second, but on a double steal attempt the NA catcher threw the ball wide of second and Vickers scored from third. Jon Pelletier followed with an infield hit, but the rally was cut short when Jason Powell's attempt for a base hit was fielded by the NA second baseman to end the game.

Grams, with three hits (two singles and a triple) and Vickers, with two hits, led the Post 8 offense.

Andover 5 - Salem 1

Behind the strong pitching of righthander Bill Caselden, the Post 8 club easily defeated the Salem legion team under the lights at Salem's Palmer Cove Field.

Caselden allowed only four hits in posting his second victory of the season. The only run scored by Salem came on a sixth inning home run by Jack Mercer.

With the help of Salem pitcher Bill Crooks' wildness, Andover jumped out to a 2-0 first inning lead. Andy Emmert led off with a walk, but was forced at second on Tim Gram's ground ball. Grams advanced to third on Jon Pelletier's single to right

and scored as Jason Powell forced Pelletier at second. Glenn McIntyre rescued Powell all the way from first with a long double to left.

Post 8 added a single run in the fourth,

thanks to some sloppy fielding on Salem's part and two more in the sixth aided by four walks.

Post 8

(Continued from Page 32)

Brett Pearson led the Andover offence with two hits. Emmert and Pelletier were each on base four times. McIntyre played an outstanding game at third base.

Saugus 6 - Andover 5

Andover's quest for the Zone 8A crown was momentarily stalled as the saugus legion downed the hometown boys 6-5.

Glenn McIntyre suffered his first loss (3-1) of the season, but not before the Post 8 boys put a real scare into the home team. McIntyre deserved better fate. A couple misplays and some seeing eye basehits led to all of the Saugus runs in the third and fourth innings. Billy Vickers replaced McIntyre in the fifth and finished up only two infield hits. McIntyre struck out four and walked none while Vickers struck out one and walked none.

Andover jumped out to a 1-0 lead in the second when Jeff Parker drove in McIntyre who had walked. In the third the lead be-

came 2-0 as Andy Emmert led off with a single. Tim Grams singled to center. With one out Jason Powell forced Grams at second, but on an attempted double steal, Powell was safe at second and Emmert scored.

In the sixth inning the Post 8 club started playing catchup. Jeff Demers walked to lead off the sixth and Parker followed with a single. After a strike out Vickers' ground all forced Demers at third, but in an attempt to complete a double play, the third-baseman threw wild to first and Parker scored.

The seventh inning was a nail biter. Pelletier and Powell led off with walks and McIntyre sacrificed the runners along. Demers' ground ball was hit right at the Saugus secondbaseman for the second out. Parker followed with a hard smash to centerfield which the centerfielder caught to end the game.

Parker led the Andover offence with two hits and scored two runs.

Bats Come Alive For Andover Blue

The Andover Babe Ruth Blue team seems to have found the much needed batting punch so sorely missing most of the season. The Blue scored nine runs in two consecutive games to raise hopes of a strong finish to a campaign that has seen some strong pitching performances go by the board because of a lack of timely hitting.

Blue vs. SLE

The Blue played the part of the opportunists as they cashed in for five runs in the first two innings, aided only by one base hit against South Lawrence East.

An error and two walks set the stage for a Jeff Penner sacrifice fly. Bob Rikeman followed with a drag bunt single to reload the bases. Mike Surette's suicide squeeze bunt scored the second run, and a wild pitch brought home the third.

The Blue produced two more runs in the second inning via a combination of walks and errors by the visitors. The Blue erupted for four more runs in the sixth. Hits by John Duffy and Robbie Carpenter were followed by a fielder's choice by John Nuz-

zo. Jeff Smith drew a walk to force in one run. Rikemansqueezed home a second run, and Surette's long sacrifice fly plated a third. Another wild pitch completed the scoring.

South Lawrence managed to score two runs in both the sixth and seventh innings. However, it proved to be too little too late as Surette was coasting on the way to his third win of the year.

National Senior League All-Stars Lose To Lowell

The Andover National Senior League All-Star Team's tournament play ended last weekend with a loss in the opening game to Lowell Highlands, 11-5.

Highlands got off to a great start in the top of the first with seven runs. But Andover, led by the enthusiasm of Jeff Kennedy and Jeff Poor, battled back. The local all-

stars threatened to score in every inning, leaving the bases loaded three times and stranding 12 runners.

A shoestring catch of a Jim Daly line shotto right field ended the game.

For Andover, Joe Murphy had two hits, while Daly, Poor, John Recesso (triple), John Regan, Dave Workman, Craig Ziady and John Morocco added safeties. Regan was the starting pitcher. Recesso hurled the last two innings. Bob Pothier and Morocco shared duties behind the plate.

Defensive stars for Andover were Fran Ferrara, Rich Burke and Scott Deery.

Members of the Andover National Senior League All-Star Team were (15 year-olds) John Regan and Jeff Poor of the Braves; captain Joe Murphy, Rich Burke and Gary Bachinsky of the Mets; John Recesso, Dave Workman, Craig Ziady, Jeff Kennedy and Chris Madden of the Pirates; Jim Daly of the Dodgers; and (14 year-olds) Bob Pothier, John Morocco and Mark Paskowsky of the Braves; Fran Ferrara, Scott Deery and Steve Gemmel of the Dodgers; and Mike Klinger of the Mets.

Andover Blue

(Continued from Page 33)

Rikeman had three hits. Nuzzo made several outstanding defensive plays.

Blue vs. Prospect Hill

The Blue team picked up where they left off the previous game as they counted single runs in each of the first three innings against the Prospect Hill team. They then exploded for three runs in the fourth and three more in the sixth.

Nuzzo singled home Duffy for the first tally in the first inning. The Blue was then the recipient of a run brought home by a wild pitch in the second. The third saw Robbie DeTroia squeeze home Duffy from third after the latter had clubbed a triple.

Andover added three in the fourth. A single by Rikeman was followed by a triple by Surette. Three straight singles by Pat Plaehn, Nick Lembo and Carpentier followed to raise the Blue lead.

Prospect Hill countered with three runs in the sixth. However, Andover got a single from Paul Lambers and back-to-backtriples by the Rikeman brothers, Bob and Steve, to raise the cushion again.

Darkness halted the game in the seventh inning. It will be resumed prior to the next scheduled game between the two teams.

Y Offers Program For Back

The Andover-North Andover Y.M.C.A. will offer the Y's Way to a Healthy Back program starting July 19. The program was designed by Dr. Hans Kraus, world famous back specialist, primarily to relieve back pain, increase flexibility and ease tension, and is approved by the medical advisory committee of the Y.M.C.A. of Greater New York.

Utilizing the Kraus-Weber test to determine minimal muscular strength and flexibility, the special exercises are composed of a series of movements that begin with relaxation, then flexibility, mild muscular strengthening and return to muscle relaxation techniques.

"More than 80 percent of the participants previously enrolled in our program found relief or complete elimination of back pain," according to Heidi Wolfman, certified instructor of the program.

"If you are among the many who complain of back pain and your condition is not caused by organic disease, but by muscles that are weak or tense or both, then the Y.M.C.A. program may be of significant help to you," stated Wolfman.

The six-week program will be offered Monday and Wednesday evenings from 7 p.m. to 8 p.m. until Aug. 18. Registrations are being accepted at the Andover-North Andover Y.M.C.A., 165 Haverhill St., Andover

ON THE ROOF

If you are inclined toward the purchase of an old home, one of your prime considerations should be the condition of the roof. You can get a quick idea of the condition by a good look from the ground. For instance, are there any loose or missing shingles? Are some areas of different shades or texture indicating roof repairs? Is the metal flashing at junctions (where roof meets walls or chimneys) in good shape?

Are gutters and downspouts clean, rust-free and in good repair? Downspouts should discharge onto splash blocks directed away from the house, into drains or into an underground dry well.

How old is the roofing and what is it made of?

Some types last longer than others. Asphalt shingle roofing is very common and usually lasts 15 to 20 years. It sometimes equals wood and asbestos cement in durability, though these generally average 30 years or so. Slate and clay tile normally have even longer lifespans and can remain in good condition 40 years or more.

If there is anything we can do to help you in the field of real estate, please phone or drop in at THE HOWE AGENCY, 4 Punchard Ave., Andover. Phone: 475-5100. We're here to help.

Surprise Landing Startles Golfers

Golfers at the Andover Country Club were startled from their game last Friday when a small, open-cockpit, experimental airplane crash-landed on the 10th hole fairway.

The pilot, Daniel Welsh, 115 Little River Road, Hampton, N.H., was shaken up but

otherwise uninjured in the crash. He had taken off from Tewksbury's Tew-Mac Air-

port at 11:30 a.m. and was headed to Hamp-

ton. Welsh said the controls of his aircraft had frozen. The New England Regional Office

of the FAA is investigating the cause of the crash. The craft came to a stop on the 10th

fairway after tearing up about 100 feet of turf.

In Exercise In Italy

Marine Pfc. Sean R. Gallagher, son of Mr. and Mrs. James M. Gallagher, 29 Russell St., North Andover, recently

participated in an amphibious training exercise on the island of Sardinia, Italy.

He is a member of 2nd Assault Amphibian Battalion, 34th Marine Amphibious Unit, Camp Lejeune, N.C.

During the five-day exercise, his unit performed an amphibious landing and subsequent operations ashore, as well as live-fire training with French and Italian troops. The training was

designed to coordinate operational methods between the NATO allies involved.

A 1981 graduate of North Andover High School, Weinenscott, Gallagher joined the Marine Corps in June 1981.
